KoolTouch

Antiseptic Foaming Aftershave

About KoolTouch

We have created a maximum-strength, FDA-approved, Class 1 antiseptic sanitizer that forms an invisible shield against most types of bacteria including MRSA (the Staph. super-bug) which is becoming more common in sports teams and barber shops. MRSA is very hard to treat once an infection gets started, but use KoolTouch on your clients and they'll be protected. Spread the soft foam on your hands and apply to the beard, scalp, or hairline and let dry. If you let it dry on your hands, your hands become sanitizing leaving invisible antiseptic areas on anything you touch...including scissors and combs.

Soothes the skin after hairline edging.
Prevents knicked bumps from infection.
Kills 99.9% of bacteria in seconds.
Even helps keep kids happy!

Private-Label Program

To carry this product in your shop with your own label on it, all you have to do is buy a roll of 1000 labels. We print the labels in full-color digital quality just like this brochure. When you order 24 or more units we fill, label, and ship all within 48 hours.* It's as simple as that! Suggested retail is \$12.95.

7.0 oz. Loesch® KoolTouch \$5.29 ea.

7.0 oz. Your Label KoolTouch

24-249 \$4.85 ea.
250-999 \$3.35 ea.

1 roll of 1000 labels costs \$350 plus 1-time design fee

* Larger orders or orders requiring label printing may take up to 2 weeks to fill.

How Does KoolTouch Protect My Shop & Stylists?

Everyone has heard of people getting infections from poorly-kept nail salons but did you know you can get a Staph. infection from a line-up? When you use a razor on skin, it is exposed to bacteria in the air as well as any that might be on the blade. KoolTouch acts like an invisible shield keeping bacteria away until raw skin can heal.

Label Graphics & Printing

Most shops don't have their own graphic artist on staff. That's cool. We can do all the work for you for a very reasonable fee. If you have a logo or company website we can lift the graphics from that, show you some design samples, and once you approve the final label design, we can print and ship your product to you in about 2 weeks. Once you buy a roll of labels, you can order anytime you like, even online. Just enter the Label Version Number when ordering at www.loeschlab.com and you're good to go. Your product will be shipped within 48 hours.*

Other Skin Care Products

4 oz. Smooth-Shield Shave Cream makes blades last longer and prevents razor bumps and skin irritation as it moisturizes.

60 ct. Penetrating Acne Treatment reduces oil production and heals acne. Prevents new breakouts.

3-Step Professional Full-Treatment Hair Growth Kit solves most of the underlying causes of hair loss to regrow hair naturally.
