Individual Products

8 oz. Loesch® Penetrate & Prepare Scalp Conditioner (Step 1) - Penetrates the hair follicles and softens thick sebum buildup, drawing it out onto the surface of the scalp so it can be removed in the next step. With continued use, follicles become healthier so they can grow hair naturally.

_____ ea. @ \$19.25 = _____

8 oz. Loesch® Restore & Thicken Shampoo (Step 2) - This shampoo is four times stronger than most shampoos on the market and is specially-formulated to remove heavy sebaceous buildup loosened by step 1. Penetrates hair to condition and thicken the hair shaft. It cleans so well that you will notice the hair "squeaks" after rinsing.

_____ ea. @ \$14.75 = _____

2 oz. Loesch® Regular-Strength Scalp Activator (Optional) - This product causes significantly increased blood flow to the scalp delivering oxygen-rich blood and nutrients to the follicles resulting in accelerated hair growth. Encourages dormant follicles to become active again. Use twice each day for maximum benefit.

_____ ea. @ \$13.50 = _____

2 oz. Loesch® Extra-Strength Scalp Activator (Optional) - 2x as strong as regular-strength, this product causes strongly increased blood flow to the scalp resulting in accelerated hair growth. Encourages dormant follicles to become active again. Use twice each day for maximum benefit.

_____ ea. @ \$20.25 = _____

8 oz. Loesch® Invigorate & Shield Scalp Defense (Step 3 or 4) - Prevents daily sebum production from rancifying and becoming toxic to the hair follicles making the follicles healthier and allowing hair growth to occur naturally. Tip: Use Loesch® Scalp Activator before this product to enhance your results.

_____ ea. @ \$18.25 = _____

2 oz. Loesch® 2% Minoxidil (For Men & Women) - An FDA-approved hair growth hormone proven to grow hair in the majority of users. Safe and effective for men and women. Get results in 3-4 months.

Physician Authorized Whitening Treatment

MediWhite™ Physician Authorized Whitening Treatments are not simply gels that whiten teeth. They are carefully designed combinations of whitening gels, high-powered LED long-wave ultraviolet accelerators, safety devices, and reusable application trays. Each treatment level is designed to give you an optimum level of both effectiveness and safety depending on your sensitivity level and desired whitening strength.

The MediWhite™ Physician Authorized Whitening Treatment is only available from dental professionals like you. Because the treatment is so effective, it does require that the patient be educated about their own dental care and make the proper choices for them. For dental professionals who choose not to perform in-office whitening procedures, this is the perfect way to give patients a way to achieve in-office whitening results at home without unsafe levels of active peroxides.

To obtain this kit, ask your dentist, orthodontist, or doctor. If they are not yet part of the MediWhite™ Physician Authorizing Program, they can call 800.231.7157 to join free.

Styling & Shaving Products

Our stylists and researchers have created a small but potent group of products that help men and women look good with a minimum of effort and without needing a cabinet filled with expensive styling products. Trusted products that are based on proven technologies can help you keep your hair and scalp in a good condition while using any of our hair growth systems. We encourage everyone to avoid products with heavy, petroleum-based ingredients like mineral oil or petrolatum.

4 oz. Loesch® Smooth-Shield Shaving Cream - A new approach to shaving. This product does not foam. Our European style shaving cream leaves skin smooth and moisturized while protecting it from ingrown hairs. Also makes disposable blades last up to 3x longer.

Calculating Your Payment

First, write the number of each product you are ordering to the left of the product name. Then multiply the price to the right of the product by the number you want and write the value in the space to the far right of each product.

Next, add up all of the product totals and write them in the Product Total box to the right.

Using the value above, circle the line in the Shipping Charge table that applies to the Product Total value you calculated but don't write it down just yet. Shipping is calculated on the full price of products before any discounts are applied.

If you are a new customer and have never ordered from us before, multiply the Product Total x 0.75 and write the number in the Introductory Total box to the right. Skip this step and leave this box blank if you are not a new customer.

If you are a returning customer and have ordered from us before, multiply the Product Total x 0.85 and write the number in the Returning Total box to the right. Skip this step and leave this box blank if you have never ordered from us before.

If you are a senior over 65 years of age, multiply the Introductory Total or Returning Total in the previous step x 0.90 and write the number in the Senior Total box to the right.

If your billing address is located in Texas, USA, multiply the lowest amount to the right x 1.0825 and write the number in the Total With Tax box to the right. If no tax applies, copy the lowest number to the right into the Tax Total box.

Is the Tax Total greater than \$200? If it is, write 0 in the Shipping Charge box. If it is not, either increase your order until it is greater or write amount you circled in the Shipping Charge table in the Shipping Charge box to the right.

Add the Total With Tax + Shipping Charge and write the amount in the Balance Due box. This is the amount of your payment.

Our Money Back Guarantee

If, for any reason, you are unhappy with our products or find that they are just not for you, you have the right to exercise our money back guarantee under the following conditions.

We will refund the purchase price (not the shipping) of your first treatment kit (1 month supply) at your request. We may ask why but your answer will have no effect on whether or not we will refund your money. We will.

Once a client has exercised our money back guarantee, they may continue to purchase other products from us, but not those products included in the refunded kit. Exceptions may be made by our management at any time for any reason.

Any client found to be abusing or found to be attempting to abuse any of our discount policies, coupon codes, shipping restrictions, or any other generally accepted business practice may be barred from placing future orders or taking advantage of any further promotions. Any client found to be engaged in such abuse has summarily forfeited the right to any refunds whether from our money back guarantee or from some other discount or reimbursement program.
